

Gemba Academy provides you and your organization with “just in time learning” by delivering world class training directly to your associates.

- **Accelerate the deployment** of lean across your organization as associates learn new skills quickly and efficiently.
- No need to ever pay for **expensive internal or external training** again.
- **No need to travel** to offsite seminars taking you away from your Gemba, or the place the work is done.
- Always **evolving and completely scalable** training.
- **Ongoing virtual support** from senior lean consultants and trainers. Ask questions by phone or email or get answers in the members’ only forum.
- **Interactive quizzes** to check learning as well as downloadable PDF documents for printing and offline referencing.
- Absolutely no animated “cartoon guy” instruction. **Real instructors, real learning.**
- No “per seat” or “per person” charges. **Train your entire site** with a single Gemba Academy subscription.
- Discover why companies from **all over the world** have chosen Gemba Academy for their lean training needs.
