

SCHOOL OF SIX SIGMA

SIX SIGMA TRAINING SOLUTIONS MADE EASY

Our Mission.

Our mission is to use online Lean & Six Sigma training to empower individuals and organizations around the world to improve.

Our Approach

From increasing production, to reducing waste, to streamlining processes, there's always room for improvement. Whatever success means to you, we'll help you get there by teaching you how to effectively and efficiently identify, understand, and solve problems. Whether you're a local business or a multinational corporation, our goal is to make continuous improvement a key part of your company culture.

Why Gemba Academy?

Affordable.

Our subscription is \$1,995 per year. Our site-based model means that everyone at a particular geographic location gets access, with no added cost per person. Have several sites? We'll work with you to establish a fair pricing model. We regularly add new content that existing subscribers can access at no additional cost, creating a dynamic learning experience.

Adaptable.

There are several ways to tailor your **School of Six Sigma** subscription to fit the specific needs of your organization. Our optional **Learning System** takes training to the next level by incorporating tracking, reporting, custom learning paths, discussion forums, and more. We can even integrate our content into your existing **Learning Management System** for a truly seamless training experience.

Accessible.

Our videos feature expert practitioners and are designed to maximize learning efficiency, ranging between 5-15 minutes in length. Short interactive quizzes reinforce learning and Excel templates allow for the immediate application of new principles. Subtitles are also available for non-English speakers.

What's Included?

- 200+ HD videos on topics like Project Selection, Measurement System Analysis, and more
- 40+ quizzes to gauge comprehension
- 230+ downloads, including worksheet templates and calculators
- Discounted pricing on Minitab and SigmaXL licenses
- Our exciting Gemba Live! series, featuring on-site tours, interviews, and webinars
